

SDH Farm Walk Through

Thursday 2 October, from 11am to 1pm
SDH Cow Shed, 611 Ryal Bush Wallacetown Rd

Come along for a wander around the Hub with the SDH team and guest speakers, chat about pasture management, and enjoy some kai.

Dr Charlotte Westwood (PGG Wrightson Seeds) will cover managing pasture quality for the second round, how to test pasture quality, and what milk urea tells us at this time of year.

She'll be joined by Leo Pekar (FarmWise), who will highlight the importance of plate meter recording and how it can support better management decisions.

Dr Charlotte Westwood

Leo Pekar

This is a free event – all farmers welcome!
