Average BCS	T	% less than BCS 4	K

### Standard Kale

Farmlet notes: Eff SR = 3.0; Visual APC 2360: Pdk 21 will be conserved this week; N will be applied at 25 kg/ha to all paddocks over the next 2 weeks; A longer rotation than planned resulted from cows being sent back to achieve residuals a couple of times this week; with growth now below demand we expect this to happen less from now on.

### Standard Fodder Beet

Farmlet notes: Eff SR = 2.8; Visual APC 2462: Pdk 76 and 23 will be conserved this week; N will be applied at 25 kg/ha to all paddocks over the next 2 weeks; A longer rotation than planned resulted from cows being sent back to achieve residuals a couple of times this week; with growth now close to demand we expect this to happen less from now on.

Herd size (cows)	171	Average Cover	2331
Target residual (kg DM/ha)	1600	Average Growth	40
Target intake (kg DM/cow)	16	Farmlet area	63.5
Target Area offered (ha/day)	2.2	Target rotation length	29
Last week rotation avg	40	Target demand	43
Last week supp (kg DM/cow)	0.0	YTD supp (kg DM/cow)	160
Last week N (kg N/ha)	0	Fert N YTD	51
Milk yield	14.5	Effluent N YTD	0
Fat%	N	Last wk MS	W
Prot%	E	YTD MS/cow	E
SCC	X	YTD MS/ha	E
Average BCS	T	% less than BCS 4	K

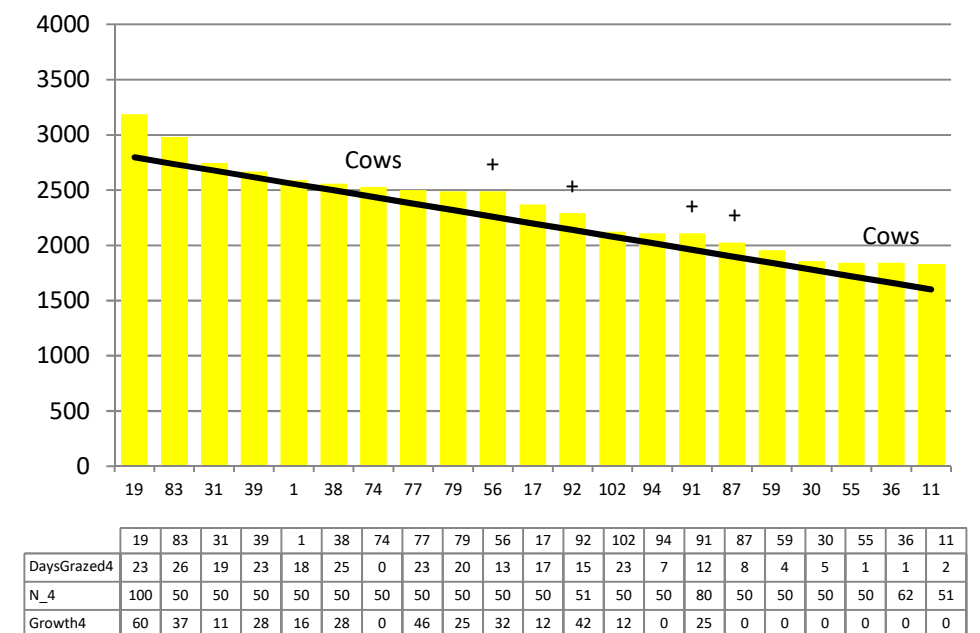

Herd size (cows)	157	Average Cover	2339
Target residual (kg DM/ha)	1600	Average Growth	29
Target intake (kg DM/cow)	16	Farmlet area	61.3
Target Area offered (ha/day)	2.1	Target rotation length	29
Last week rotation avg	34	Target demand	41
Last week supp (kg DM/cow)	0.0	YTD supp (kg DM/cow)	119
Last week N (kg N/ha)	0	Fert N YTD	54
Milk yield	13.5	Effluent N YTD	0
Fat%	N	Last wk MS	W
Prot%	E	YTD MS/cow	E

Average BCS	T	% less than BCS 4	K

### Low Impact Kale

Farmlet notes: Eff SR = 2.7. Visual APC 2228; Pdk 12 that was stepped over last week will be grazed over 48 hours. A longer rotation than planned resulted from cows being sent back to achieve residuals a couple of times this week; Growth is now very close to demand so we expect this to happen less from now on; no nitrogen to be applied yet

### Low Impact Fodder Beet

Farmlet notes: Eff SR = 2.6. Visual APC 2228; With one less paddock this farmlet continues to be under pasture pressure but we are holding a 30 day rotation; N will be applied at 25 kg/ha to all paddocks over the next 2 weeks; Baleage will continue to be offered at 1.5 kg DM/cow/36 hrs; Growth continues to be below demand
